

Longboards Pizza Gluten & Allergen Notice

Longboards Pizza is now offering a gluten-free crust for our customers who would like a non-gluten alternative to our homemade crust.

Although our gluten-free crust is specially ordered and is certified gluten-free from our distributor, our pizzas are all prepared in a common kitchen/common preparation area and cooked on a common cooking surface (the hearth of our oven) with a risk of gluten exposure. We do not recommend our gluten-free crust for guests with celiac disease. Guests with gluten sensitivities should also exercise caution and judgement when ordering our gluten-free crust.

Longboards Pizza does not represent that a pizza prepared on our gluten-free crust is 100% free of gluten. We are mindful that we are not an allergen-free or a gluten-free certified facility and as such, we cannot guarantee that any item is free of any allergen.

While we regret that this may disappoint some guests, we feel strongly about being transparent about what we can and cannot guarantee.

We thank all our customers for your continued support.
